News In Brief

V.E.T.A. Social Club of Seaside is sponsoring two big 4th of July events at Cutino Park, at the corner of Noche Buena and San Pablo. Appearing will be King Cotton and his big band and James Brewster and Ricky. There will be clowns for the kids and fun for everyone. Fireworks shos will begin at dark. The affair will begin at 10 a.m. Then on July 5, King Cotton and his band will play background music for a Fashion Show and a male-female hair style. There will be door prizes and a dance contest. The Ebony Beauty Salon and V.E.T.A. Social Club is jointly sponsoring this event. The July 5th affair will be held at The Holiday Inn, Seaside. This is a Sickle Anemia benefit affair. For tickets and additional information call 394-7900 or 394-6909.

Degrees were awarded to more than 3,000 students in commencement exercises Saturday (June 8) at California State University, Hayward.

It was the University's fourteenth annual commencement. Nearly 500 master's candidates were eligible to participate.

President Ellis E. McCune presided over the ceremonies.

The graduates in various California cities, other states, and foreign countries follow.

Among those graduating was Louis Pryor of Seaside.

More than 60 members of the Monterey Peninsula College faculty and staff received an honors certificate in recognition of outstanding service to the Associated Students of MPC during the 1973-74 school year. The awards were presented during a banquet in the College Center on Friday, June 7.

The event was highlighted by the presentation of a special plaque by Ed Norris, director of student activities, to Fern Jolley for her 21 years of distinguished service to ASMPC. Ms. Jolley had served as manager of the ASMPC bookstore and as an ccountant. She is retiring this year due to a physical disability.

The MPC faculty and staff award recipients included Margared Adams, Eleuteria Advincula, Anton Agalbato, Debbi Anthony, August Armanasco, Nancy Barbour, Dr. Jack Bessire, dean of student personnel.

Richard Bibler, William Bobrow, Mary Burr, Dr. Marshall Chatwin, Kay Cochrun, Timonthy Cox, Lawrence Cummins, Nadine Davis, Grace Donlin, Diane Eggers, Leonard Epstein.

Dr. George Faul, MPC president, Richard Frazer, Roger Fremier, Pat Gallegos, Alex Gonzales, Rosabelle Hamann, Sue Hazdovac, James Hinton, Rod Holmgren, Margaret Horsburgh, Heinz Hubler, Bertha Hutchins, Linely Jensen, John Kingsley, Dr. Jack Leach, Tony Mackey, Dr. Harvey Marshall.

Vivian Mevorah, Larry Miller, William Minor, George Newell, Norris, Chris Pappas, Ray Parker, Sherry Pastor, Peter Pilat, Yvonne Reed, Dr. John Rivers, Elliot Roberts, Henry Royal, Don Schamber, Ellie Sewell, Richard Snibbe.

William Stallworth, James Stevenson, Mary Story, Idelle Sullens, Medric Wade, Chase Weaver, Fred Williams, Dr. Gordon Williams, Ms. Dean Wright, Patricia Xavier, and Don Young.

The 21 films that comprise the Eighth International Tournee of Animation will be shown at Monterey Peninsula College on Friday and Saturday, June 21-22 at 8 p.m. in the Theatre.

The films were selected from over 500 entries and represent the year's highest achievements in animated shorts, varying from colorful cartoons to bizarre graphic montages to grim stop-frame collages.

The films' effects are sometimes humorous, sometimes mind-tickling, and sometimes prophetic. The program features films from Eastern and Western Europe, Japan, Canada, and nine shorts from the United States.

oOo

Julius Baker, principal flutist and soloist with the New York Philharmonic Orchestra, will present "An Evening of Flute and Piano Music" in the Monterey Peninsula College Theatre on Suncay, June 23 at 8 P.M.

The recital will feature music from the romantic period and works by such composers as Schubert, Nielson, Reinecke and Schuman. Admission to the performance is $3. Tickets are available from MPC Community Services at 408-373-5522.

oOo

The Tennessee Williams drama, "Out Cry," will continue in its second week in Monterey Peninsula College's Standing Room Only - SRO - Theatre with performances Friday, Saturday and Sunday, June 21-23, at 8:30 p.m.

According to director Dennis Deutsch, "the play deals with reality and fantasy as two actors on tour, brother and sister, find themselves deserted by their troupe in a decrepit state theatre in an unknown state."

"Faced perhaps by an audience expecting a performance, they enact the 'Two-Character Play,' an illusion within an illusion, an outcry from isolation, panic and fear," he said.

The cast of MPC Players include Ben Leudtke as "Felice, the brother" and Tara Morgenrath as "Clare, the sister." Remaining performance dates are June 28-30. Tickets are $1.50 general, $1.25 in advance, and $1 for students and military. Reservations can be made through the MPC Theatre Box Office at 375-0455.

SES Has 900 Students Registered

The Student Employment Service of Monterey Peninsula, 480 Webster St., Monterey has over 900 students registered for summer employment.

Loren Smith, President of Student Emploument Service, urges all employers on the Peninsula to hire a student this summer. Taking into consideration the economic outlook for the Peninsula and the limited supply of gasoline, there will be no doubt fewer tourists this year. However, our job placement record for the period January through May shows that we have placed the same number of students (236) as last year. This should indicate that we can be optimistic and expect as many jobs this year as we have had in previous years. During the past fifteen years, SES has placed over 1,000 students in jobs each year on the Monterey Peninsula.

SES Placement Service is provided without fee to either employer or student. Detailed records are maintined on each student's application.

Avail yourself of this service and support your Community Non-Profit Youth Program. Let us help you to help a student by Calling 373-0143.

Adult School Graduation Is Held

The largest graduating class in the history of the Monterey Adult School was honored in ceremonies June 13 in the Monterey High School cafeteria.

Director Gerald O. Anderson said 116 adults were given high school diplomas. Anderson made a special award to the outstanding student of the 1974 class.

The graduates were addressed by Dr. Henry T. Hutchins Jr., assistant superintendent of the Monterey Peninsula Unified School District. On hand to assist in the ceremonies were district trustees Lonnie Ayers, Sam Karas and Linda Lee Bassett.

28TH DISTRICT CAL

ELECTED - Leo J. (Andy) Anderson, member and past commander of Seaside American Legion Post 591, was recently elected to head the 28th District of the American Legion at Monterey Post 41. The 28th District is made up of members of American Legion posts throughout counties of Monterey, Santa Cruz and San Benito. Other officers include: Adjustant - Albert Lioi of Seaside; Chaplain - Albert Vasconsellos of Marina Post 694 and Peter Pfeifle of Montery Bay Post 778. Installation of officers will take place Saturday, July 6 at 8 p.m. at Salinas Post 31.

MPUSD, Teachers Reach 1974-75 Salary Accord

Monterey Peninsula Unified School District board representatives and the Certificated Employees Council have agreed to an 8.5 per cent salary increase for 1974-75, the school district announced Friday, June 14.

The agreement will be sent to the board for official approval on July 1, according to Supt. James Harrison.

The 8.5 per cent agreement would establish a salary range for teachers of from $8,770 to $17,550 annually.

The salary settlement also includes two contingency increases that would depend on state and federal funding beyond that already projected in the district's tentative budget for the coming year.

One such clause provides up to 2 percent beyond the 8.5 percent settlement if the district receives more than the $2,687,140 now budgeted in federal impact funds, and or any increase made in the state's basic foundation program (now set at $894.43 per student) and or half of any additional income realized from average daily attendance beyond the projection of 18,318.

The second contingency clause provides that an additional 1 percent raise would be granted by using half of any income over and above the amount needed to fulfill the first contingency.

Thus, if sufficient new income is available, the employees could receive a total pay raise of up to 11.5 percent.

Assuming the school board approves a similar pay hike for administrators and classified employees, the total cost of the 8.5 percent settlement will be $1,376,213. Mel Isenberger, district business manager, said the salary agreement will be financed by using about $870,000 that had been built into the budget for a cost of living raise, plus about $400,000 in federal impact money to be received for military dependents living off post, plus about $100,000 in interest earned from investments during the past year.

Harrison said he is pleased that a settlement has been reached without the necessity of meet and confer sessions during the summer months.

"This will free our energies to prepare for a full and productive year of educating the youth of the community," he said.

Seasiders Upset By Proposed Cable Vision Rate Increase

Opposition to the proposed Oceanview Cable Vision rate increase is mounting in Seaside.

Oceanview submitted a request to the City Council which amounted to a total of 52 percent rate hike, which, if approved by the Council, would begin in July. The present rate of $4.60 would be increased to $6.50 in July, $6.75 in January 1975, and $7 by July 1975.

The Senior Citizens and Retired peoples of Seaside state that they are having difficulty paying the present rate, and if the rate increase is granted, they will not be able to continue to enjoy this, their only, pleasure.

The City Council has set aside a study session for the proposed rate increase for tomorrow night, Thursday, June 20, at 5 p.m. and it is anticipated that many of the senior citizens will be in person to argue their objections.

A petition is presently being circulated by the senior citizens and according to reports it is being received and signed by all that have been approached.

In the petition, the senior citizens say:

"We, the undersigned, disabled and elderly of Villa Del Monte, and other elderly citizens of Seaside, who have a minimum income budget, consider this to be most unreasonable.

"Some of us have had $10 of our money deposited with the Cable Company almost since it started, never once have they paid it back or paid interest on the said deposit. It seems to us that the users are at least partners in the organization. Why is it that they can keep our money when other utilities have had to refund their deposits at the end of one year and paid interest? We should have some voice in the matter.

"We protest such an increase," the petition read.

Seasider Needs Your Help

Information has been received at this office of a dire need for blood donors, kidney donors, and financial assistance to save the life of a 22-year-old young lady in Seaside.

Sheryle Rhone Frank, the daughter of Mrs. Alyce Rhone, 340 Elm Avenue, Seaside, has been admitted to the Salinas Medical Center for treatment of a liver damage and less than 5 percent function of her kidney. She cannot possibly live unless she receives a kidney transplant.

Sheryle's story is like a novel unfolding. She is a victim of drugs. She became a heroin addict, which caused the damages to her kidneys and liver, then she attempted to get off drugs and submitted herself for the Methadone treatments. She is the mother of a six-year-old who is presently staying with his grandmother, Mrs. Alyce Rhone, and, prior to the time she was introduced to heroin, was considered one of the finest young teenagers in the City. She was born in Seaside, and grew up in this city. She met and married an older man and they made their home in Houston, Texas.

They returned to Seaside and when she became ill she was rushed to the medical facilities in Monterey where tests were run. She was immediately admitted to the hospital in Salinas where additional tests were conducted, discovering that she had less than 5 percent kidney function and extreme liver damage.

With her serious condition, one could expect Sheryl to be anything but jovial, but she spends most of her time in attempting to improve the morale of the other patients who, in her opinion, are less fortunate than she. She has resigned herself to her condition, and has turned to religion. She stated that she had received solace from her sessions with the Lord.

In the meantime, her expenses are rolling up. Help is needed in the form of monies, blood and a kidney transplant.

Any persons wishing to make a donation of monies should send it to: THE SHERYLE RHONE FRANK FUND, care of Mrs. Alyce Rhone, 340 Elm Avenue, Seaside, Ca 93955. Blood should be given in the name of Sheryle Rhone Frank at any blood bank. And any person wishing to donate a kidney should contact Mrs. Alyce Rhone at 340 Elm Avenue, Seaside, CA, or call: (408) 899-2945.

Flagg Pledges Support For Camacho

Acknowledging the results of the primary election in the 16th congressional district, Democrat Morgan Flagg said today, "Camacho had a resounding victory, and I will certainly support him in the general election as I have indicated I would do. It is my firm belief that this victory for him will assure his beating Burt Talcott in November."

"The name of Flagg will appear on ballots in future years," Flagg said, "as my sons and daughters have taken a great interest in this campaign and the electoral process."

Grassroots '74 Is Underway

WASHINGTON —— Continuing efforts to turn out the maximum number of voters favorable to Republican candidates in the fall's elections, the Republican National Committee will sponsor from June 10 to July 15 a comprehensive program of instruction in the basics of political organization called GRASSROOTS '74.

The program, directed by RNC Co-Chairman Mary Louise Smith, is the most extensive to be held by the RNC in this election year. It consists of a series of 13 one-day seminars in voter identification, registration and turnout to be conducted in various cities across the country.

GRASSROOTS 74 is a sophisticated, scientific and proven program readily adaptable for the election of Republicans in any area regardless of size or locale. The sessions, said Mrs. Smith, are open to all Republican Party and candidate organization leaders and workers who will be actively involved in the recruitment of volunteers and the preparation, implementation and final tabulation of get-out-the-vote operations.

"Party workers and candidate campaign workers from every county in the

'Center For Tomorrow' Unveiled

The Filipino-American Club of Monterey County unveiled their "Center For Tomorrow" project at Paddon Place, Marina, recently.

The plans, unveiled by Antang Real Estate, calls for the building of an $85,000 club facility, designed for continuing cultural education of the Filipino-Americans in the community. The construction is expected to be completed by the end of this year.

The center will house all kinds of social activities for the entire community, including bingo, conventions, registration and exhibit areas, and a 500 seat multi-purpose auditorium.

Funding for the center came from the membership and friends of the Club, which provided seed capital, along with a grant from a limited partnership. To date they have received over $30,000 by various fund raising activities. The balance, they announced, will be raised prior to construction.

"The boldness of the proposal is sure to invite critics, "Tony Sison of the Filipino American Club stated, "but the officers and members are determined about the Center's success."-

Extension Of Tax Claims Is Okayed

Special legislation recently signed by Governor Reagan now permits the filing of 1972 property tax assistance claims by senior citizens who, because of a major disaster in the area of their homes, were unable to file a timely claim during the normal filing period.

To qualify for this special filing, the senior citizen's home must have been located in one of the 25 California counties in which a disaster occurred between May 16 and October 15, 1972, and the failure to file a timely claim must have been a direct result of the disaster. Deadline for filing these special claims is August 12, 1974.

Claimants must also have been 62 years of age or older as of January 1, 1972, owned and occupied their home between July 1, 1971 and June 30, 1972, paid the property taxes on the home and had a total household income of $10,000 or less.

The 25 counties affected by this legislation are:

- Colusa
- Del Norte
- El Dorado
- Fresno
- Glenn
- Humboldt
- Kern
- Kings
- Lake
- Madera
- Merced
- Modoc
- Monterey
- Nevada
- Placer
- Sacramento
- San Benito
- San Joaquin
- Santa Barbara
- Santa Clara
- Siskiyou
- Stanislaus
- Sutter
- Tehama
- Tulare

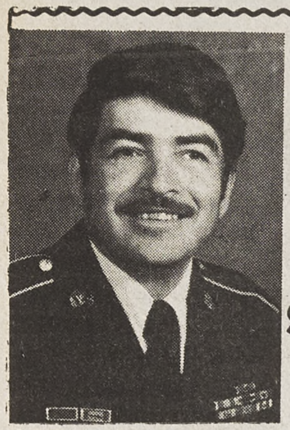
Claim forms may be obtained at the offices of State legislators, County assessors and collectors, the local Senior Citizens Property Tax Assistance Office, or by writing Senior Citizens Property Tax Assistance, P. O. Box 1588, Sacramento, CA 95807.

County Receives State Funds

State Controller Houston I. Flournoy has announced payment of $5,923,578 to counties, cities, school districts and special districts as reimbursement for tax income losses attributable to late filing of Homeowner's Property Tax Exemption claims for 1973-74.

Monterey County received $87,745.70 as its share of the late-claim reimbursement.

"These payments result from a change in law this year which permits those homeowners who missed the exemption deadline to file a late claim for 80 percent of the exemption," Flournoy said. "They are in addition to the $650,950,504 reimbursement already made for on-time claims."



Today's Army NEWS

SFC Jose Garcia

ARMY RECRUITER

When the Second Continental Congress met in Philadelphia on May 10, 1775, the battles of Lexington, Concord, Ticonderoga, and Crown Point were history. New England patriots were successfully maintaining a tight land seige of Boston, but the Massachusetts Provincial Congress, which was bearing the brunt of the burden of supporting the New England Army, soon realized that other colonies would have to furnish weapons and supplies if the British were to be held off for long.

Therefore, on May 16, 1775, Massachusetts sent an emissary to the Continental Congress to confer about "such other matters as may be necessary to the defense of this colony and particularly the state of the Army therein." The Continental Congress was asked to take over "the regulation and general direction: of the Army at Boston "for the general defense of the rights of America." As a first step, Congress ordered that flour and gun-powder be supplied to the "Continental" or "American" Army Before Boston.

On June 14, 1775, the Congress adopted the Army Before Boston as the Continental Army when it appointed a committee to bring in "A draft of rules and regulations for the government of the Army." On the same day it authorized the enlistment of riflemen from the middle Atlantic states to serve as light infantry under the command of the chief officer of the Army Before Boston. On June 15 the Congress appointed George Washington as the "General and Commander-in-Chief of the Army of the United Colonies."

Since then, in engagement after engagement across the globe, the Army has served with honor. Its leaders include soldiers who are known to all of us: Pershing, Bradley, Eisenhower, MacArthur, Patton, Ridgeway, Taylor, Abrams, Westmoreland, and thousands of unsung heros. Presidents, farmers and storekeepers all made their own personal sacrifices in the service of America.

The U.S. Army has also contributed much to the growth of our nation. It explored and chartered the vast treasure in land and resources in the country. The Army conquered yellow fever. It developed chlorination of water and flame-proof fabrics as well as countless medication and safety innovations.

The Army built the Panama Canal and the Alaskan Highway--amoung hundreds of other projects.

Today the U.S. Army continues its peace keeping and nation building missions. It trains American Men and women in over 400 critical career fields while still producing fighting men for the three major combat arms.

Summer Art Workshops

Beginners, intermediate and advanced students, even tourists, interested in outdoor sketching, drawing and painting in various media, are invited to join the Summer Art Workshops, starting on Wed. June 19, 1974, and last for about 6 weeks.

Elements or art, drawing techniques, watercolor and oil painting techniques, color and design, outdoor sketching, will be included in these workshops, taught by Charles Y. Lee, M.A. in art and education, artist-educator for some 28 years. He is the person who started the Pacific Grove Adult Art Class in 1957 and the Fremont Adult Art Class in 1972. He has been chairman for the Seaside Art Commission since 1966.

Mr. Lee announces that the Fremont Class will open on Wed. June 19th. at 1:30 p.m. for those more advanced students who wish to go outdoor sketching and painting, meeting initially in Rm. 2, Fremont Jr. High on Kimball Ave. Seaside, that the Pacific Grove Class will meet in Rm. I-1, Pacific Grove High School, the same night from 7 to 10 p.m., and that the another section of the Fremont Class will meet in Rm. 2, Fremont Jr. High in Seaside on Thur. June 20, 1974, from 7 to 10 p.m. Both the night sessions are for ANYONE interested in drawing and painting, although the day workshop is planned for more advanced students who already have a basic knowledge of art.

Mr. Lee's Summer Art workshops are sponsored by the Monterey Adult School and by the Pacific Grove Adult School. Please call Mr. Lee at 394-2965, or Mr. Anderson at 649-7336 or Mr. Heyl at 373-4951 for registration and further information.

Assigned

SAN ANTONIO — Airman Michael L. Miller, son of Mr. and Mrs. George E. Miller of Carmel, Calif., has been assigned to Chanute AFB, Ill., after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland AFB, Tex., he studied the Air Force mission, organization and customs and received special instruction in human relations.

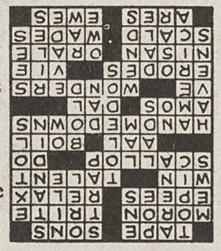
Answer



CWEP Evaluation Is Reported

CWEP (Community Work Experience Program), one of the three components in California's Employables System designed to help reduce the cost of welfare in California, is evaluated in a report produced and released recently by the State's Employments Development Department (EDD).

This second annual report meets a requirement of the federal Department of Health, Education and Welfare (HEW), which authorized CWEP as a three-year demonstration project in California, and covers the program's second year--July 1, 1973 to June 30, 1974--during which CWEP expanded from 16 to 35 counties. HEW pays the cost of these annual evaluations.

The EDD evaluation team that produced the report found that two significant things happened to AFDC (Aid to Families with Dependent Children) employable welfare recipients in CWEP counties -- more went off welfare and into full-time jobs, and individual welfare payments to unemployed fathers decreased. However, the number of applicants for AFDC welfare assistance did not, as anticipated, decrease in CWEP counties.

With reference to the rate with which people went off welfare and into jobs in counties in which CWEP was implemented, there was more than a 30 percent increase in recipients leaving welfare for jobs when compared with other California counties.

In CWEP counties, the average AFDC welfare payment to unemployed fathers decreased 0.9 percent. In all other counties, the report finds that the average welfare payment to this category of AFDC recipients increased more than 15 percent.

The evaluation also found that CWEP is cost effective because it produces about $2.10 in the form of productive work by CWEP participants for every $1.00 of staff time invested by EDD and county welfare staff. However, the report does question the absolute accuracy of this finding because of errors in CWEP time reporting that had not been corrected when the data was being collected and analyzed.

According to the findings, the reports of staff time used for CWEP included both under-reporting and over-reporting.

"Those reporting problems were identified and corrective action was taken last January," EDD's director, Rich Camilli said. "Therefore, our third year report will produce accurate cost effectiveness data for CWEP."

KEEP YOUR COOL AND CONSERVE ENERGY, TOO.

Follow these summer tips for greater comfort and wise use of energy.

1. Use heat-producing appliances sparingly. Turn off lamps, television and stereos when they're not in use.
2. Keep drapes closed on hot days. Light-colored drapes and curtains reflect heat and sunlight outward. For even better heat reflection attach a light-colored shade *outside* your house over large window areas.
3. Just as good insulation and weatherstripping help keep your house warm in winter, they help keep it cool in summer. Make sure your insulation is adequate.
4. On hot days proper attic ventilation can reduce attic temperatures as much as 50 degrees, so your air conditioner won't have to work so hard. You'll save energy and money.
5. Before you go on vacation, turn your gas water heater to "pilot." That way you won't waste energy heating water when you're not there to use it. When you return, just re-set the control to "on" to start water heating again.

News In Brief

Continued from Page 1

year's Fair, set for July 23-28 at the Fairgrounds in Monterey, including an increase in the number of entries in the junior division, for amateur photographers who have completed grades 4 through 8.

Entry blanks for the photographic exhibit are available at the Fairgrounds office and at photographic stores in Monterey, Santa Clara, Santa Cruz, San Benito and San Luis Obispo counties.

Prints and slides, accompanied by entry blanks, should be delivered or mailed to the Fairgrounds office (P.O. Box 1151), or to one of the designated receiving points no later than 4 p.m. on July 5. The receiving points for entries are the following:

Monterey—McKay's Camera Shop, Ken's Camera Shop, The Darkroom Lab.

Pacific Grove—Camera Exchange.

Carmel—Camera Craft Sjop.

Salinas—Camera Exchange, Green's Camera Shop.

oOo

June 24 will be the deadline for submitting entry blanks in most of the junior divisions at the Monterey County Fair. The Fair will take place July 23-28 at the Fairgrounds in Monterey.

FUuture Farmers of America (FFA) entries in agricultural mechanics forestry, wildlife and soils, and 4-H Club entries in clothing and textiles, food preservation, veterinary science, food preparation, wildlife, mechanical schience, photography, woodworking, home furnishings and entomology are due June 24.

The junior livestock deadline for entries is July 1. Both FFA and 4-H animals will be involved in the junior livestock auction sale on Saturday, July 27, at 10 a.m.

oOo

A talent search currently underway in Monterey County will result in the crowning of a Junior King and Queen at the Monterey County Fair on Thursday, July 25.

One of the traditional highlights of the Fair's annual "Kids" Day is the talent show on the outdoor stage, with the winners receiving the king and queen titles plus bicycle prizes. Entry blanks have been sent to the recreation departments in the various county communities and preliminary contests will be completed by July 19. Four winners from each community will compete at the Fair. Interested persons can get in touch with the local recreation departments. The age range is 6-12.

A watermelon feed will also be part of Kids' Day at the Monterey County Fair, and a children's pet show will be held on the outdoor stage on Wednesday, July 24.

Grassroots ....

Continued from Page 1

nation should be represented 'at one of the seminars," said Mrs. Smith. Particular attention will be given to registration and special ballot procedures, walking victory squads, kitchen table surveys, and the utilization of home telephones. Pertaining to election day activities, GRASSROOTS '74 attendees will be instructed in developing a check-off system at the polls and the use of fieldmen and supervisors.

In addition to Mrs. Smith, the seminars will be conducted by such political professionals as Mary Ellen Miller, Special Assistant to the Chairman and Assistant Campaign Director of the National Republican Congressional Commissional Committee; Edward Mahe JR., Director of RNC Political Activities; Richard Thaxton, RNC's Director of Research, and Mrs. Connie Armitage, President of the National Federation of Republican Women.

The following is a complete list of seminar dates and sites:

June 10 Dallas, Texas;
June 12 Portland, Oreg.;
June 13 Salt Lake City,
June 14 Kansas City, Mo.;
June 17 Denver, Colo.;
June 21 Springfield, Ill.;
June 24 Tallahassee, Fla.;
June 25 Charlotte, N.C.;
June 28 Washington, D.C.;
July 9 Boston, Mass.;
July 11 Minneapolis, Minn.;
July 13 Nashville, Tenn.;
July 15 Charleston, W. Va.

Registration fee for the seminars is $15. Further information may be obtained from Mrs. Smith at the Republican National Committee, 310 First St. SE, Washington, D.C. 20003.

MPC Profs Are Making Film Strips

Two Monterey Peninsula College instructors are now helping school children all over the country learn more about the distant and unique country of Korea.

Dr. Richard Robinson, biology instructor, and Leon Fletcher, speech instructor, have teamed up to write a series of four filmstrips with sound, entitled "Korea, What You'd See There."

These elementary school teaching aids consist of about 36 photos and maps for each of the four strips, plus about six minutes of narration and Korean music. They are now being distributed nationally by Encore Visual Education, Inc. of Burbank, California, one of the country's leading producers of high-quality educational media.

Robinson, photographer and content authority for the films, has recently returned from two years service with the Peace Corps Volunteers in Korea. As an education specialist working with Korean teachers and administrators, he had the unusal opportunity to learn the language, live with the people, and visit throughout the country.

Fletcher, producer and writer of the filmstrips, is an educational-consultant writer with more than 165 credits. He, too, has traveled in Korea, including service on the staff of the senior U.S. Admiral there during the Korean War. Fletcher's duties then included educational planning and communications design with Koreans.

Each of the four filmstrips covers a distinct part of life in Korea. They are entitled "Meet Korea!", "Cities of Korea," "Villages of Korea," and "Growing up in Korea."

A distinctive feature of the strips is that they are based on one of the most popular and fast-growing new concepts in education — measurable objectives. That means that what a student is to learn from the films is stated in very exact terms, so that the teacher can accurately and easily determine when every student has learned what he was supposed to from seeing the films

After studying these filmstrips, students should have a feeling for the pride Koreans have in their history, know how Korean families live, realize how important education is in that country, understand how Korean have adapted to their geography, and know about the typical foods, clothing, and activities of the country.

The photos in the filmstrips, taken by Robinson, show the dramatic variety of colorful scenes in Korea. They range from views of modern many-storied business buildings to century-old carvings of dragons and paintings of court life. National shrines, ancient temples, village farms, modern transportation, primative farming techniques, typical shops, folk dances, and much more are shown in the films.

Authentic Korean music, recorded by Robinson during his extensive trips throughout the country, open and close each strip and provide appropriate background for special sequences of photos.

A "Teacher's Manual," written by Fletcher, helps improve classroom use of the strips by suggesting how to use the strips in association with other studies. Development of the storyline for the strips and writing the narration, which has been recorded by a professional educational announcer, were also prepared by Fletcher.

Applications Available

FORT ORD, Calif., June 19-- Applications are now being accepted for the 1974 deer hunting season at Hunter Ligget Military Reservation-- which runs on weekends and holidays from August 3 through September 15. The application forms are available on weekdays from the Fort Ord Facilities Engineer's building and grounds division in Building 4897 at the corner of A Street and 6th Avenue; and on weekends at the Ford Ord Rod and Gun Club, Building 124 on Watkins Gate Road in East Garrison.

They may be obtained at Hunter Liggett at Building T-151 on weekdays, and at the Wildlife Checking Station on Mission Road on weekends.

DINNER GUESTS - Seaside Chamber of Commerce executives William Brown and Verlaine Crawford dining with film star Paul Newman? It's not the real Newman, but a life-like wax figure made in London. The pair were among city officials and chamber of commerce executives from 65 Northern California cities attending the premiere opening of the new Movie Star Wing at the Wax Museum at Fisherman's Wharf. Thirty-five mayors attended the opening as a part of San Francisco Day festivities sponsored by the San Francisco Chamber of Commerce and the Wax Museum.

Fans Can Ride Around Laguna Seca Track

Fans who attend the upcoming Laguna Seca Sprints June 29-30, will be able to take part in a Laguna Seca "first." With the cooperation of Pierotti Motors in Fremont, race goers are invited to take free rides around Laguna Seca following the end of racing each afternoon.

Pierotti has lined up the cars and drivers necessary to transport fans around each of the track's fearsome nine turns. It will be a not-to-be-missed opportunity for those who have wished they could see the track from the viewpoint of some of the great drivers who have raced at Laguna including Sterling Moss, Dan Gurney, Mark Donohue, Bobby Allison and Mario Andretti.

Another innovation at Laguna Seca during the Sprints Weekend will be the presentation of the L&M Cigarettes $500 award and their Wide-Open Trophy. This award will be made to the driver voted upon by the press in attendance during the weekend.

The Laguna Seca Sprints are making their fourth appearance at the Monterey track. There will be eight SCCA National races in all -- three Saturday and the remainder Sunday afternoon.

Tickets are on sale at Ticketron, Macys and Sears outlets as well as other Laguna Seca outlets. Children under 12 are admitted free and parking is free. Camping is available adjacent to the raceway at Laguna Seca Ranch Campgrounds.

Race fans are reminded to bring their portable radios with them. By tuning to KRML, 1410 AM they will be able to keep up with turn-by-turn action as it happens.

QUOTABLE QUOTE

The Reverend Jesse Jackson said it:

"Most white Americans don't know that most Black folks are not on welfare; are not on the street corners superflying and pimping. Most Black folks live between the corners, keep their houses tidy, pay their bills and work. We are a race of workers."

NPS Prof Selected To Go To France

"I'm pretty excited about going, but I don't know much French!"

Professor John P. Powers of the Naval Postgraduate School's Electrical Engineering Department is worried about his speaking ability in French because he will soon need it. He has been selected to spend a year in France as an exchange scientist under a program jointly sponsored by the National Science Foundation of the United States (NSF) and the National Center for Scientific Research of France.

The exchange program came from a decision by the French and American governments to develop scientific and technical cooperation. The program is open to citizens or nationals of the United States and France who have earned a doctorate degree inthe eligible science areas. According to the NSF, exchange awards are made for study or work in the mathematical, physical, chemical, engineering, biological, and social sciences including economics. The United States will pay Prof. Powers' way to France, and the French will pay his salary.

The professor says, "A colleague of mine, Professor Pierre Alais, was my major reference and without him, I may not have been selected for the exchange program." Powers will be working with Alais in France for the Laboratory for Theoretical and Applied Mechanics in the area of acoustic imaging (the use of sound to project the image of an object). The laboratory is located in Cyr L'Ecole near Versailles. Results of their studies are hoped to be used in underwater viewing (acoustic imaging underwater). Additionally, there may be some medical applications in the area of obtaining X-ray type images without the usual radiation hazard.

Prof. Powers' doctoral research, done at the University of California at Santa Barbara, was in the field of acoustic imaging by Bragg diffraction of laser light. Lasers are essentially light waves which have been compressed and amplified. They have been found to possess seemingly limitless uses in medicine and communications with additional applications being constantly found. Powers has written several articles on acoustic holograms (producing three-dimensional images using a combination of laser beams and photographic techniques) and ultrasonic imaging.

Powers has been at the Postgraduate School since August of 1970. Prior to that time, he had visited here frequently while studving at Stanford University. He is enthusiastic about Monterey and the cultural, educational, and recreational amenities the area has to offer. In fact, his proximity to the Defense Language Institute at the Presidio of Monterey may enable him to study French during the summer.

"I assumed my current position because of an unusual opportunity to do research as well as teach. The Naval Postgraduate School has many research facilities and opportunities not normally found in many civilian institutions," he indicates.

Prof. Powers was born in Winchester, Mass., in 1943. He received his B.S. in electrical engineering from Tufts University (summa cum laude) in 1955. He attended Stanford University as a National Science Foundation trainee and received his M.S. in 1966. He received his doctorate from the University of California at Santa Barbara in 1970. His current research interests are in acoustical imaging and optical communications. He is a member os Tau Beta Pi, Eta Kappa Nu, Sigma Xi, the Institute of Electrical and Electronic Engineers, Inc., the Acoustical Society of America, and the Optical Society of America.

Prof. Powers, his wife, Anne, and son, Matthew, reside in Pacific Grove.

8 WAYS TO TRIM KILOWATTS OUT OF YOUR COOKING.

You use more energy in your kitchen than in any other room. Economize with these suggestions:

1. Make sure your oven and surface units or burners are shut off when not in use.
2. Keep oven doors completely closed until food is cooked. Every time you open the door, the oven temperature drops from 25° to 50°. (Oven door windows aid the "peek-a-boo" cook.)
3. Use cooking utensils with flat bottoms and tight fitting covers whenever possible. Be sure pots and pans are the right size for range units or burners.
4. Prepare a complete meal when using the oven—main course, vegetables and dessert. Use foods that cook well at similar temperatures. (Exception: delicate green or leafy vegetables.)
5. Bake and broil from a cold oven start. There's no need to preheat an oven.
6. Thaw frozen meats in refrigerator before cooking. Cook as soon as possible after thawing, and do not re-freeze unless meat has been cooked. A defrosted roast requires approximately 33% less cooking time than a frozen one.
7. Turn off electric surface units a short time before food is done. Food will continue cooking on heat stored in the coils.
8. Never use range or oven to heat the kitcher That's not its function, and it is costly as well as a waste of energy.

All PG&E electric customers—no matter where they live—get much of their electricity from power plants fueled by scarce oil and natural gas. So it's important for *everyone* to help save energy wherever possible.

NOTICE INVITING BIDS

Notice is hereby given that the Parking Authority, City of Seaside, County of Monterey, State of California, hereby invites sealed proposals or bids for the following work to be done according to plans and specifications on file, adopted therefore, to-wit:

LAGUNA GRANDE CENTER

Proposals for the above mentioned work will be received by the Parking Authority, City of Seaside, County of Monterey, State of California, until 3:00 p.m. on Monday, July 1, 1974, at the office of the City Clerk at the City Hall, 440 Harcourt Avenue, Seaside, California 93955, at which time all bids will be publicly opened and read aloud by the City Clerk who shall report the results of the bidding to the Parking Authority of said City for its condideration on Wednesday, July 3, 1974 at 5:00 p.m. at the meeting of said City Council, City Hall, Seaside, California.

The Parking Authority reserves the right to reject any or all proposals and to waive any informality in proposals received.

Work shall include the paving, curbing, lighting, landscaping and irrigation of the parking facility serving the Laguna Grande Center, located on the site bounded by Humbolt Street (State Highway 218), State Highway 1 freeway, Southern Pacific Railroad and the City of Seaside-Sand City limit line.

Bids are required for the entire work generally described herein and fully itemized in the Bid Proposal of the Specifications.

Bid Items	Quantities
1. Asphaltic concrete paving	233, 165 s.f.
2. Concrete Walkways	90 s.f.
3. Concrete curbing	7672 l.f.
4. Retaining walls	483 l.f.
5. Placing and spreading of topsoil	315 c.y.
6. Catch basins	7
7. Manholes	2
8. Drain Inlets	1
9. Ground Water Returns	5
10. 12" A.C.P. storm drain	834
11. 14" A.C.P. storm drain	691
12. 25 foot single light standards	6
13. 25 foot double light standards	22
14.. Tree planting	222 trees
15. Ground cover planting	808 shrubs
16. Shrub planting	29.,662 plants
17. Irrigation mainlines	1780 l.f.

NOTICE TO BIDDERS

The Redevelopment Agency of the City of Seaside, California, will receive Bids for the following work to be done according to plans and Specifications on file, adopted therefore, to wit:

Rough grading and stock-piling of surplus material in STUDY AREA ONE, LAGUNA GRANDE RECEVELOPMENT PROJECT until **2:00 P.M. Pacific Daylight Time, on the 1st** day of **July 1974** at 1600 La Salle Avenue, Seaside, California, at which time and place all Bids will be publicly opened and read aloud. Bids are invited upon the single lump sum item which includes all work.

ITEM No, 1
Description of Item
Clearing, grubbing, earthwork, stock-piling, and retaining wall, Complete.
Approximate Quantity 1
Unit of Measure L.S.

Contract Documents, including Drawings and Technical Specifications, are on file at the office of the Redevelopment Agency of the City of Seaside, California, at 1600 LaSalle Avenue, Seaside, California.

Copies of the Contract Documents may be obtained by depositing $10.00 with the Redevelopment Agency for each set of Documents so obtained. Each such deposit will be refunded if the Drawings and Contract Documents are returned in good condition within ten (10) days after Bid opening.

A certified check or bank draft, payable to the order of the Redevelopment Agency of the City of Seaside, negotiable U. S. Government Bonds (at par value), or a satisfactory Bid Bond executed by the Bidder and an acceptable surety, in an amount equal to five (5) percent of the total of Bid for Construction of Study Area One Rough Grading shall be submitted with each bid.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the Contract Documents must be paid on this project, and that the Contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin.

The Redevelopment Agency of the City of Seaside reserves the right to reject any or all Bids or to waive any informalities in the bidding.

Bids may be held by the Redevelopment Agency of the City of Seaside for a period not to exceed thirty (30) days from the date of the opening of Bids for the purpose of reviewing the Bids and investigating the qualifications of Bidders, prior to awarding of the Contract.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN THAT the City Council of the City of Seaside, State of California, will hold a public hearing on the application of PAUL DAVIS for a CHANGE OF ZONE, in accordance with Seaside Zoning Ordinance No. 289, Art. VII, Section 8,1 to allow CHANGE IN ZONE FROM R-3 TO R-4 District on Lots 21 & 22, Block 3, Ord Terrace Tract, Assessor's No. 11-024-22 & -24 generally located at approximately 1215 Ord Grove, Seaside, California.

The certified Environmental Impact Report is on file in the office of the Seaside Planning Director as required by C.E.P.A.

NOTICE IS HEREBY FURTHER GIVEN THAT said hearing will be held on THURSDAY, July 3, 1974, at the regular meeting of the Seaside City Council beginning at the hour of 5:00 P.M., in the Council Chambers at City Hall, 440 Harcourt Avenue, Seaside, California. Any and all interest persons may appear and be heard thereon.

Several good used bicycles. Three speed, ten speed and no speed. 23.50 and up. House of Wheels "Your Family Bike Shop" 1276 Fremont Blvd., Seaside 394-1331

NOT BRUSHERS

According to a recent survey made by the French Ministry of Health, only one Frenchman in every four ever uses a toothbrush.

Gas Situation Is Improving

A random sampling of over 500 gas stations in the 45 central and northern counties of California and the entire state of Nevada (membership area of the California State Automobile Association), shows that this area, along with the balance of the nation, continues to have more than adequate gasoline supplies combined with increasing operating hours on the part of retailers. No difficulty is being experienced by motorists obtaining fuel, although AAA continues to suggest caution for late night and Sunday cross-country driving, as during these periods the number of open outlets is considerably reduced.

A feeling of general optimism continues for the traditional vacation periods ahead. This is based on a continuation of driver cooperation in the area of fuel conservation. A strong feeling persists that should American motorists abandon their current conservative driving habits and return to the energy-wasting ways of the past, this summer could produce shortages similar to those of a year ago.

Vacation moroting plans need not be restricted if engines are kept well tuned, tires properly inflated, and the 55-mile-an-hour speed limit strictly observed.

The price of gasoline in California and Nevada remained steady during the past week, with regular selling from 52.3 cents to 60.5 cents. Premium was priced from 59.5 cents to 64.4 cents per gallon.

The enclosed are statements of fuel availability by area:

This report covers the situation regarding automotive fuel availability for the week shown within the jurisdiction of the California State Automobile Association (AAA), which includes the 45 Central and Northern counties of California and the entire state of Nevada.

Key Areas

1. **GREATER SAN FRANCISCO BAY AREA:** No problems finding fuel Monday through Friday during daylight. The erratic pattern of gas station operating hours persists. Less than 2 percent of the 200 Bay Area stations surveyed remain open late at night. Approximately 60 percent are open Saturday and Sunday during daylight.

COASTAL ZONE NORTH OF PETALUMA TO OREGON BORDER INCLUDING U.S. 101 & S.R. 1: Sunday and night closings continue in this area. 30 percent of the stations surveyed are open part of the day Sunday, and almost all are open Saturday. Motorists driving through this area during daylight Monday through Saturday should find gasoline available, but as in previous weeks these routes cannot be recommended for long-distance driving at night, and caution advised for cross-country motoring on Sunday.

3. **INLAND NORTH OF SACRAMENTO TO OREGON BORDER INCLUDING I. 5 & S.R. 99:** Adequate fuel is available during daylight 7-days a week. Although over half of the stations are closed Sunday, a sufficient number are open along I-5 and SR-99 to meet normal demands. Gas available Sunday during daylight and early evening in Willows, Orland, Redding (24-hours), Weed and Yreka. There is a 24-hour, 7-days a week station in Susanville.

4. **GREATER SACRAMENTO-STOCKTON AREA:** Over half the stations in this area close Sunday. However, this area has adequate fuel during daylight Monday through Saturday to along these routes; but a sufficient number remain open to meet normal traffic demands. Gas is available Sunday in Yosemite National Park, and there is a 24-hour, 7-days a week outlet in Sonora.

7. **INLAND EAST OF SACRAMENTO-STOCKTON TO NEVADA BORDER INCLUDING I. 80 & U.S. 50:** Most gas stations through this area close at night, but many operate 7 days a week to accomodate tourists. The number of gas stations open on Sunday in resort areas tends to vary from week to week.

8. **NORTHERN NEVADA:** Very few gas problems for weekdays, daytime drivers in this area.

Obituaries

WINN, Toyoko Kobayashi, in Seaside, Juf 12, 1974. Toyoko Kobayashi Winn, dearly beloved wife of Sgt. First Class (retired) Clarence Winn Sr. Loving mother of Clarence Winn Jr. Also survived by three brothers and one sister all of Yamagata, Japan. Quiet Hour was held Sunday, June 16, 8:00 p.m. Funeral Services were held Monday, at 1:00 p.m. Both were held at Friendship Baptist Church, 1440 Broadway, Seaside, CA. Rev. C. Lewis McFadden officiating. Internment was at Mission Memorial Park, Seaside.

SMOKEY SPEAKS OUT

A FAULTY SPARK ARRESTER CAN START A FOREST FIRE.

Today everyone knows that the internal combustion engine is responsible for a great deal of the smog in our country. But not everyone knows that sparks from engines in all kinds of vehicles are also responsible for a great many forest fires.

ALL TYPES OF VEHICLES AND EQUIPMENT NEED SPARK ARRESTERS. Agricultural equipment, construction equipment, locomotives, motorcycles, cross-country vehicles, and even chain saws require spark arresters if you use them in or near brush or forest areas.

BE SURE YOU HAVE THE PROPER SPARK ARRESTERS. If you're not sure what kind of spark arrester is correct for your vehicle, ask someone who knows. Check with the company that sold you your vehicle. Or contact your local office of the United States Department of Agriculture, Forest Service.

BE SURE YOUR SPARK ARRESTER IS WORKING CORRECTLY. Always check your spark arrester before heading into a brush or forest area. If you're not sure about the condition of your spark arrester, take your vehicle to someone who knows what kind of trouble to look for.

Remember, a little extra care only takes a few minutes of your time. And it could save a forest.

How to avoid future shock.

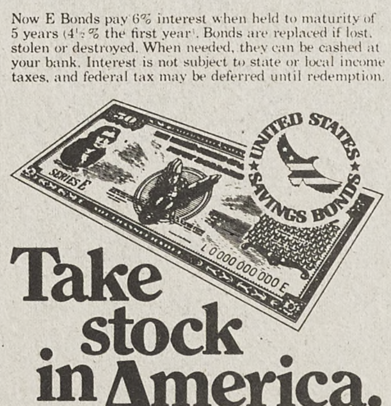
Tomorrow won't take care of itself. And, deep down, you know that. So you'd better do something about your future money needs today.

There's a painless way. Simply start building your nest egg a little at a time. It's easy when you buy U.S. Savings Bonds through the Payroll Savings Plan where you work.

You can save as little or as much as you want. Just specify the amount. And it'll be set aside from your paycheck and used to buy Bonds.

Then, when the future arrives, you'll be better fixed to face it. Because Bonds are the best shock absorber around.

Now E Bonds pay 6% interest when held to maturity of 5 years (4½% the first year). Bonds are replaced if lost, stolen or destroyed. When needed, they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.



Take stock in America.
Join the Payroll Savings Plan.
